VOLUME XXIII

COLUMBIA, KENTUCKY, WEDNESDAY, FEBRUARY 18, 1920.

NUMBER 17.

AT REST.

Mrs. Kinnie Murrell, a Native of this Place. Died Monday Afternoon at 12:30 O'clock.

ALL COLUMBIA SADLY GRIEVED.

Mrs. Kinnie Murrell, who was born and reared in Columbia, and who was a favorite with all who intimately knew her, died, without a struggle, at her home at the hour and date above given, her bed being surrounded with relatives and friends.

She was the youngest child of H. G. and Eliza Atkins, and was 63 years old the 3rd of last December, and with the exception of about three years, her entire life was spent in this place. She was a very strong character, an entertaining conversationalist, possessing attractive manners, and being very jovial, she was generally the life of social gatherings attended by her. The young people were especially fond of her company, and the news of her death will bring sorrow to many hearts.

When quite a young girl she made a profession of her faith in Christ, united with the Southern Methodist Church, making a faithful member until the final dissolution. She lived her religion at home as well as at the church, believing in the Word she taught and practiced it daily. When quite a young woman she was married to Charles H. Murrell, who preceded her to the grave nearly eleven years ago. To this union there was one child, Miss Katie, the well-known teacher, who survives her.

The heritage she left her daughter is priceless. No parent and child were ever more devoted, and no daughter ever shed more tears over the departure of a loving mother.

The people of Columbia were especially attentive when her serious illness became known, and a number of telegrams and letters came from friends in and out of the State, and during her illness many beautiful flowers came through the mail to her sick chamber.

The funeral services were held at the Methodist church this (Tuesday) afternoon at 3 o'clock, conducted by Rev. R. V. Bennett, pastor of the Methodist church, assisted by Rev. Jesse L. Murrell.

At the close of religious services the body was conveyed to the city cemetery, the Eastern Star Chapter, of this place, marching in a body, and when, at the grave, they recited their beautiful and touching burial ceremony.

When the family and friends withdrew all that was mortal of this good woman rested under a bank of beautiful floral offerings. She has gone to a better world, and this town has been made poorer, and sadness and sorrow reigns in a once happy home.

Out of town relatives at the bedside, her nephew, Mr. M. G. Carson and wife, Louisville.

Episcopal Services.

Mr. E. T. Kemper has leased the U. B. Church building on Bomar Heights, for the purpose of having some Episcopal preaching. He will arrange to have services in this edifice on the Fifth Sundays in each month, excepting the fifth Sunday in this month, which has been set apart for services in the Christian church, in honor of Eld. Z. T. Williams' twentieth anniversary as pastor of said Church.

Paid List.

The following persons have called or sent in their subscriptions since our last issue:

N. M. Tutt, J. R. Garnett, E. D. Holladay, C. C. Hale, R. Y. Simpson, T. J. Baker, W. T. Shepherd, J. D. Sharp, Miss Cleo Cave, S. C. Willis, Rollin B. Patton, Mrs. W. P. Blake, R. S. Snow, J. T. Goodman, D. E. Phelps, Dr. E. B. Atkins, Herschel Motkan, Myrtle Morgan, M. G. Carson, T. F. Sandusky, J. P. Caylor, H. D. Murray, W. L. Gadberry, Mrs. M. J. Yates.

Valentine Party.

Mrs. Fred P. Hill was hostess, Saturday afternoon, at a beautiful Valentine party. About twenty guests were present and the afternoon was very much enjoyed by all. A delicious lunch was served.

Card of Thanks.

We wish to thank the good people of Breeding and vicinity, for the kindness shown us in the accident, which ended in the death of Henry B. Caylor, our beloved son and brother. Nannie, Wesley and J. P. Caylor.

Well-Known Here.

On the 26th of January Mr. Edgar Hatfield, a native of Russell county, but who at the present is engaged in business at Akron, Ohio, was married to Miss Clarice Webb, a daughter of Mr. and Mrs. J. A. Webb, of Webb's Roads. The ceremony took place in the First Christian Church, Akron, Ohio.

The bride is a sister of Mrs. W. F. Allison, this county. She was a former student in the Lindsey-Wilson and was also a teacher in Russell county. Her former schoolmates will be glad to learn that she has been wedded to a gentleman of high character and of best social standing.

"The Unpardonable Sin" has been secured as the attraction at the Paramount Theatre for engagement Feb. 24th. This is the big photoplay produced by Harry Garson, starring Blanche Sweet under the personal direction of Marshall Neilan, which has been creating such a furore in the larger cities for the past few months. It is based upon Major Rupert Hughes' novel by the same name, which appeared first in form in the Red Book magazine and was later published in book form by Harper Bros.

Public Sale.

On Saturday, the 28th of Feb., I will offer for sale, at my home in Columbia, my household and kitchen furniture, all as good as new.

You will find enclosed check for \$4.00 for which you can continue the News. I can't do without it. No good news in Missouri! The doctors are kept busy looking after the flu cases. It seems to be very contagious here; most every family one or more cases. It has visited your scribe's home. I failed to get back to Kentucky last fall, on account of sickness. I will try to see you all this fall.

An Announcement.

The Louisville Times of Saturday contained the following announcement: Miss Annie B. Faulkner will be married on Wednesday, Feb. 18, 1920, at the home of her sister, Mrs. E. J. Mitchell, of Childress, Texas, to Mr. Beulah, of that city. The bride to be is well known in Columbia.

"The Unpardonable Sin," which has been secured as the attraction at the Paramount Theatre, Feb. 24th, is a photoplay production which theatre-goers cannot well afford to miss. Its subject-matter is of such a nature as to insure its being a topic of discussion for weeks to come.

Will Remain at Russell Springs.

Several weeks ago we announced that Mr. Robert Ingram, who has been the cashier of the First National Bank, Russell Springs, had tendered his resignation and would remove from the Springs, and that Mr. Elmer Wheat would succeed him as cashier. This arrangement did not materialize and Mr. Ingram, at the earnest solicitation of the directors, has concluded to remain with the institution. We think both the board and Mr. Ingram came to wise conclusions, as Mr. Ingram is an experienced banker, and has been at this point long enough to know the business people of Russell county, a very necessary qualification. Mr. Wheat has two large river farms that he could not afford to neglect.

Took Leg Bail.

Virvin Bryant, a young white man, who has often been in trouble, and who recently returned from the penitentiary, and Lewis Cooper, of color, escaped from the county jail last Tuesday night. There are several stories as to how the get-away was made. Bryant was charged with robbing Providence church of lamps and stoves, and up to Thursday morning he had not been apprehended. The colored boy returned and gave himself up Wednesday morning, saying that he got cold lying out. He is charged with stealing watches from Sam Royse's shop.

A. A. Huddleston is a very popular State's Attorney, and his Russell county friends are always glad to see him. When he roared into Jamestown, last Monday, about the noon hour, many men were standing around ready to greet him. He is a very determined prosecutor, but those who have to face him to answer to an indictment, know that he has taken an oath to do his duty to the State, and they honor him for his faithfulness.

Monday was the first day of the February term of the Russell circuit court. The usual crowd was in town, and business was fairly good during the day. Judge Carter's instructions to the grand jury covered all the crimes known to the law and the jury went to work fully determined to do its duty.

Last week we published a very satisfactory statement of the State Bank, Gradyville. This week creditable statements of the Bank of Columbia, the Farmers Bank, Casey Creek, and the Farmers Bank, at Cane Valley are published.

Mr. G. A. Atkins, who was here from Milltown, last Thursday, reported that there were quite a number of cases of flu in his section of the county. It is also reported that there are many cases about Russell Springs.

Born, to the wife of R. L. Cole, Gradyville, on February 3rd, twins, both girls. The mother and babies are doing nicely.

Circuit Court.

The Adair circuit court will open the first Monday in next month. There are very few new appearances up to this date, and the time for suing will be up in a few days. Mr. Cortez Sanders, our very efficient Sheriff, and his deputies are busy serving papers and will be ready when the Judge sounds the gavel. There are a number of misdemeanor cases, and many of them will be tried. It is believed that Judge Carter will finish his work for the coming term in one week.

Judge A. M. F. Hill, who presides over the Russell county Court, was here last Wednesday, en route to see a sick son, who is in Indianapolis. He informed The News, while here, that Mrs. Jo Scott, a very old lady, who lived in the Ell neighborhood, Russell county, died a few days ago with the diseases incident to old age.

Mr. L. G. Weddle, the driller at the Creelsboro well, was in Columbia last Thursday. He said that he had brought in some oil, but not in paying quantities. The bit will continue to go down.

Mr. J. H. Womack and wife and several children, who visited in this county, started on their return trip to Illinois last Thursday.

Seriously Afflicted.

We were very sorry to learn, a few days ago, that Mr. Horace K. Alexander, of Burkesville, the well-known traveling salesman, was confined to his home with serious throat trouble, and that Louisville physicians had pronounced the disease of a cancerous nature. If it is so that Mr. Alexander can travel, we advise him to go to Indianapolis and consult Dr. L. E. Page. There is not a more scientific man anywhere. He went to Europe and witnessed the removal of cancers from the throat, and when he returned he said that if the operation could be successfully performed in Europe, the same can be done in America, and since his return he has successfully removed cancers from the throat. Dr. Page is a native of Columbia, and after he received the best instructions in leading institutions in New York and other large cities of this country, he completed his education in leading universities in Europe. In our judgment it would bring comfort to Mr. Alexander were he to write him. Patients from all over the United States visit Dr. Page.

Wanted.

Housekeeper. Apply Mrs. A. R. Bishop, Greensburg St.

Died Near Esto.

Last Wednesday afternoon a very noted old lady in Russell county—"Aunt Betsey Jane Perkins," as she was familiarly called, died at her home near Esto. She was the widow of Abner Perkins, who was a well-to-do farmer, and she was between eighty and ninety years old. She left no children. A disposition of her landed estate was made some time ago, but she left quite a sum of money. It is supposed that she left a will, but her devisees have not been made known here. She was buried beside her husband, and a large number of friends attended the sad rites.

MULES AT AUCTION.

I will sell at my barn in Columbia, on Monday, March 1st, thirty good mules 3 to 7 years old, 14 to 16 hands high. These mules are the good, thick, heavy kind and most of them are broken, and ready for the collar. If you want a good weighty team or single mule you can find it in this sale. Sale opens at 10:30 a. m. S. M. Burdette.

Died at Albany.

Mr. Frank M. Ballenger, who was born and reared in Russell county, and who has been living in Albany for a number of years, died last week at his home. For the last fifteen years he was a traveling salesman for J. M. Robinson & Co., Louisville. He was a popular gentleman and he will be greatly missed. He was about sixty-eight years old.

From California.

Adair County News, Columbia, Ky., Gentlemen: Enclosed find two dollars for which please mail me my old home paper. Yours Respectfully, E. D. Holladay, San Francisco, Cal.

The roads from Columbia to Jamestown are almost impassable. Why some people oppose a tax for good roads must be because they never have an occasion to travel them. Of the two roads to Jamestown, the Montpelier route is in the worst condition.

S. M. Burdette will hold his next mule sale in Columbia, on Monday, March 1st.

Next Sunday, the 22nd, will be the birthday of the father of our country.

Near East Relief.

The Armenians in their great struggle for life, right on the border of extinction by starvation and unmerciful persecution at the hands of the Turk, are still turning longing eyes to America, crying: "America, Oh America, if you only knew that you are our only help, under God!"

We, the ministers of the different Churches in Adair County, make this one more solemn appeal to you, the citizens of this county, to come to our assistance in raising our quota as a county, of \$345.00.

We need about \$350 yet, and this month our only time to raise it. There are pastors, pamphlets and all sorts of information on every hand to let you know about the most desperate situation on earth. Will you not, like noble men and women, respond, and let us go "over the top" at once.

Miss Jennie Garnett is Treasurer but either one of the Banks here will act as Treasurer for this fund. Don't wait to be solicited. Deposit it with them now. The martyred husbands and fathers of these starving women and children, (a million or more), died in the effort to set the world free, and stop the flow of human blood. We beseech you come. Come in God's name. Signed:

Fatal Accident.

Last Tuesday afternoon Henry Caylor and Jacob C. Reece, Breeding, this county, and another man were felling trees in a place of new ground. Mr. Caylor and Mr. Reece were chopping together and the other man was felling a tree close to them. There was a grapevine on this last tree and before it fell the chopper took hold of it, and in attempting to pull it down, the tree upon which the was cutting fell. The young man held on to the vine which changed the course of the falling, and it caught Mr. Caylor and Mr. Reece. Mr. Caylor was badly hurt about the head. He was conveyed home and died next morning. Mr. Reece was also hurt, but not seriously.

Attention.

I will pay \$3.00 per hundred ft. for small Poplar Logs, from 5 to 2 in. diameter, 4 ft 4 in. long, delivered on the Adair Spoke Yard, Columbia, Ky. 17-3t

Died in Ohio.

Ernest Henson, a young man who died in Wadsworth, Ohio, a victim of flu, an Adair county boy, was buried at Mt. Carmel last Friday afternoon, his remains having arrived a few hours before the interment. He was an industrious young man, one who had many friends.

If you want a good team or a single mule attend S. M. Burdette's sale Monday, March 1st, at his barn in Columbia.

An Error.

In last week's issue, we stated that the value of land in Adair County was \$5,546,606.00 which was a mistake. The Clerk informs us that the total amount of land, improvements and timber is \$3,438,953.00.

There is a move on foot, instituted by farmers living along the route, to build a pike from Cheatham's bridge to B. F. Thomas' residence. We are informed that several thousand dollars have been subscribed for said purpose.

A nice present free with every purchase amounting to \$2.50 or more.

Goff Bros. Store.

Mrs. W. G. Blair, of the Montpelier country, died recently, a victim of the flu. She was an excellent woman and will be greatly missed from the neighborhood where she so long resided. Many friends attended the funeral.

Born, to the wife of F. Talmage Smith, Indianapolis, Ind., on the morning of the 13th, inst., a fine son.

Y. W. C. A. CALLS BIG CONVENTION

2,000 Women Expected to Gather in Cleveland the Week of April 13-20, 1920, for National Convention.

MEETING POSTPONED TWO YEARS BY WAR

Delegates Will Discuss New Membership Basis for Students and Question of Future Support for Work. Many Other Things.

The Young Women's Christian Association of the United States of America will meet in national convention in Cleveland, O., the week of April 13 to 20, having postponed the convention from the spring of 1918 in order to comply with a government request that expense and travel be reduced to a minimum during the war.

The department on conventions and conferences of the National Y. W. C. A., of which Mrs. Harry Emerson Fosdick is chairman, estimates an attendance of 2,000 women, representing all departments of Y. W. C. A. work—board members, secretaries, students, club girls, Girl Reserves, girls from Industrial Service Centers, women from the International Institutes for foreign boys; women, members from city, town and country Associations.

Each Association in the United States will be entitled to one voting delegate for every one hundred voting members in the Association.

Two of the most important questions which will come up before the convention will be the membership basis and the question of support. Of old business to be considered the most important question will be the membership basis for student associations, the granting of charter membership privilege to the Chicago Young Women's Christian Association and a recommendation providing an increase in membership of the National Board of the Association will also be presented.

Rev. Charles W. Gilkey, pastor of Hyde Park Baptist Church, Chicago, will give a series of morning addresses during the convention week. Dr. Robert E. Speer, secretary to the Foreign Mission Board of the Presbyterian Church, North, will also give an address. Mrs. Speer is chairman of the National Board of the Y. W. C. A.

The convention will be in session morning and evening, the afternoon being given over to sectional meetings held in various churches. Attendance at these meetings will be determined by group membership and also by activities.

Mrs. W. P. Harford of Omaha, Neb., will preside at the opening session, having been elected as president at the last convention of the Young Women's Christian Association, held in Los Angeles in 1915.

The committee on business to come before the convention has for its chairwoman Mrs. John French and includes among its members Mrs. John D. Rockefeller, Jr., Miss Eliza Butler, sister of Nicholas Murray Butler, president of Columbia University; Miss Martha McCook, Miss Mabel Cratty, general secretary for the National Board of the Y. W. C. A., and Mrs. William Adams Brown, all of New York city.

HINTS FOR THE POULTRY GROWER

When culling a flock of hens at the end of the laying season, there are always a few individuals that may be classed as doubtful. Very often the owner of the birds allows sympathy to interfere with good business. According to G. W. Hervey of the University of Missouri college of agriculture, it is better to cull a bird that may lay five or six more eggs only this fall than to keep her all winter as an absolute expense.

A hen may show the characteristic body depth of three or more fingers and yet may have, but a one-finger spread between the pelvic bones. This means that the bird has stopped laying but her period of non-production hasn't been long enough for the body depth to close up also. She has just reached the point where she will be kept at a loss.

Sometimes a bird may exhibit the desired characteristics of both good body depth and well-spread pelvic bones, yet her skin under the fluff may feel tough and leathery. Such a hen will invariably have coarse pelvic bones and a coarse breast bone. She may have had a period of production during the summer, but her total for the year would not justify retaining her another season.

In culling the American breeds, the Wyandotte, Plymouth Rock and Rhode Island Red, one is apt to be confused by the shank color test. The test is not so reliable with these heavier breeds as it is with Leghorns, for the reason that when they become broody a certain amount of pigment is likely to return to the shank. One must make due allowance for this, and if the bird is favorable in appearance otherwise, it may be profitable to keep her over as a breeder for the spring season.

In general, then, the poultry keeper when culling must not be influenced by any single factor, but must consider all of them. The more rigid the culling the more capable is the flock management. It is usually safe to market at least half of the total number of hens at the end of the laying season, replacing them with pullets.

DO YOU KNOW THAT—

The aeolian harp is a stringed instrument which produces musical sound in a current of wind. In Syria camel's hair is pulled out in the spring and made into waterproof tents, bags and rugs. On the north of Australia is the greatest coral reef in the world. It is over one thousand miles wide. At the time of the Persian wars all Greek men wore long hair tied on the top of the head with a knot and fastened with a hairpin.

Burial Place of William Penn.

The burial place of William Penn was at Jourdan's Meeting House, near Chalfont, St. Giles, in Buckingham, with the remains of his two wives. There was once an effort made to have his remains brought to this country, but it was found impossible to locate the grave, which had not been marked, and the plan was abandoned.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

Early in the participation of the United States in the world war, the American Red Cross perceived the value of mobilizing the school children of the country and the Junior Red Cross was organized. Before the war ended nine million children were enrolled and helped in the war fund and membership campaigns, in chapter production of relief supplies and manufacturing furniture for the refugees whose homes and household goods were destroyed. Children everywhere in the United States responded to the call to service sounded by President Wilson as head of the American Red Cross. This photograph is that of an enthusiastic young Japanese member of the Junior Red Cross of Spokane, Wash., starting out on the ambitious

undertaking of collecting "a mile or pennies" for war relief. A comprehensive peace program is now being worked out for the Junior Red Cross, which is being held intact.

OVERSEAS NURSES TURN TO PUBLIC HEALTH WORK

FIFTY Red Cross nurses, most of them recently returned from overseas service, are to meet in Cleveland, Sept. 18-20, to discuss means of preventing disease. They have chosen as their peace time occupation the teaching of home hygiene and dietetics to women and girls outside the nursing profession, and hope in this way to increase the number marching with the American Red Cross in its advance against disease.

CAMP WORKERS AID MEN RETURNING TO CIVILIAN LIFE

RED Cross Home Service workers in Camp Taylor (Ky.) and Camp Sherman (O.) have found their assistance required more and more as time passes by soldiers returning to civilian life who need aid in making the change. During July 24,677 men passed through the Kentucky demobilization camp and of this number 2,502 new cases are recorded in the camp Home Service records. In addition 2,270 men applied for information, mostly in regard to insurance. This total puts Camp Taylor at the head of the list for all camps in the country in volume of work of this kind.

Camp Sherman stands third.

Why More Small Cars Come Equipped With Goodyear Tires

Last year, more small cars, using 30 x 3, 30 x 3 1/2, or 31 x 4-inch tires, were factory equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these small-car tires by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread..... \$20.00
30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30 x 3 1/2 size in water-proof bag..... \$3.90

Seven Millions for Roads.

Elizabethtown News.

The Republican Administration has mapped out a most extensive programme for road building. It is proposed to expend seven million dollars annually in the construction of great State Highways to be designated either by the Legislature or by the State Highway Commissioner.

To raise this enormous fund, equalling the present entire expenditures of the State, it is proposed to put a tax of \$1.00 per horse power on automobiles, which will raise about \$3,500,000 and to levy a tax of seven cents on the hundred dollars to raise the rest of the \$7,000,000.

The automobile tax is a just and fair one, as people who own cars are for the most part willing to pay a good tax in order to have good roads. Then, gasoline cars are the principal wearers and destroyers of roads, and they should in justice pay for them.

The tax proposition is entirely another matter and if submitted to the people would be defeated by an overwhelming majority.

The member of the House or Senate from this part of Kentucky who votes for it, ends his

political career to a certainty.

The Democrats in both the Senate and House should vote against this tax, and we believe that a lot of sensible Republicans, who have political ambition will follow suit.

With \$3,000,000 raised from automobile licenses and \$4,000,000 put up by the government there would be a sufficient road fund to build in a few years all the great roads in the State.

The present road law provides that each county shall put up an equal amount with the State in order to build inter county seat roads, and we doubt seriously whether any roads should be built, which get away from the county contributing a part for construction. Under the present Republican plan we understand \$4,000,000 is to be expended in the 11th District alone, where the entire taxable property is only \$5,000,000.

If this Republican road plan should get through the Legislature we would find that most of the fund would be expended in the mountain districts, where there are practically no roads and where road construction is very expensive.

In other words it is largely a scheme to build roads in the pauper Congressional districts, almost entirely at the expense of

the revenue districts.

We suppose this measure is along the lines of retrenchment and reform (?) promised by Gov. Morrow during his candidacy. It savors of great extravagance, with money taken from the wealth of the State to build roads for the poverty sections, and without these sections contributing anything toward it.

If the mountain counties want roads why should they not levy sufficient taxes on their rich coal mines and oil fields to pay for them.

There is one thing that the governing authorities of the Eighth Congressional district, of the Democratic party must understand, and that is a clean man must be named as the nominee. There are several gentlemen who are aspiring for party favor. We do not know them all personally, but we do know that it will take a candidate with a clean record to win. Adair county can furnish that candidate in the person of Mr. Gordon Montgomery. Mr. Montgomery does not want to get into a scramble for the nomination, but if the prospective candidates in the upper end of the district will lay off and give him the track he will win the contest.

A Republican county convention will be held in the courthouse, this place, Saturday, the 28th of this month. The object of the meeting will be to select delegates to a district convention to be held at Danville, Monday, March 1st. At the district convention delegates will be named to attend the State convention, to select delegates to the national convention which will be held in Chicago, June 8, to nominate a candidate for the Presidency.

Herbert Hoover, as food administrator for the government during the war, gave his services for one dollar per year. This shows that he was thinking more of his country than he was of dollars. Mr. Hoover may be a Democrat, he may be a Republican or a Prohibitionist, but there is not a doubt about him being a real MAN.

The Court of Appeals has decided that Gov. Morrow has the right to discharge the special attorneys in the Bingham inheritance tax. He also sustained Judge Stout's decision, that the attorneys must be paid for services rendered.

Will Lockett, of color, who escaped the vengeance of a mob at Lexington, has been conveyed to the Eddyville Penitentiary, where he will remain until the 11th of March. On that date he will be electrocuted.

WIDE AWAKE AND ACTIVE IS CLAIM OF LETTER MAN.

Says He Performs Duties With
Renewed Vim Because of
Trutona.

Bowling Green, Ky., Feb. 17.—"I'm wide awake and active and really feel like working; seems as though I'm able to perform my duties with a new vim since taking Trutona," C. W. Howerton, a well known letter carrier here who lives at 106 Fourteenth Street, said a few days ago.

"I hadn't been feeling well and I was afraid to 'lag' along as 'flu' time was drawing near," Mr. Howerton continued. "My digestion was poor, and although I slept well, my sleep didn't seem to be restful as I usually felt lifeless, tired and draggy. My liver and kidneys weren't acting normally either. I felt drowsy and

"After several days of this I was spoken to me about Trutona. I have decided to try the medicine. As just said, I can perform my duties with a new vim since taking Trutona."

I'm wide awake and active and feel more like working it seems. Trutona gave me quicker relief than any other tonic I have ever taken and because of the quick thorough benefits I have gained through it I am glad to recommend this medicine."

Trutona is now being introduced and explained in Columbia at the Pauli Drug Company. Adv

GENERAL

MERCHANDISE

The Year 1920 Will Be One Fraught With Momentous Making of History.

In the libraries of the future, the historical volumes, marked 1920, will deal with a critical period of the world's history.

The whole world is now in a frenzy of discontent. In the old world new parties with new policies, each striving for control, are walking hand in hand with the spectre of distrust, where they are not already dying in the flame of fratricidal war.

In the United States profiteering has become a science, all sense of values is gone. Bolshevism is raising its vicious head, and labor and capital, by passing the buck, each to the other, are leaving the middle class bearing the brunt of the burden.

It is a critical period through which this world is passing, and one that demands the whole-souled interest of every thinking man and woman in this world.

You can not perform your duties as a citizen of this country unless you think right; you can not think right unless you are fully informed; you can not be fully informed unless you read a daily newspaper.

As a citizen, and as a voter, you wish to vote intelligently. You wish to know what the leaders of the big political parties are offering as the panacea for this present condition. In order to perform this duty intelligently, you must have access to the news as it is published day by day.

Granted that it is your duty to read a daily newspaper, it is also your duty to read the paper that will give you the most news, particularly when its cost is the same as the others.

The Louisville Herald has the largest circulation of any morning newspaper in Kentucky, and all Louisville newspapers are sold at the same price, this is self-evident proof that it is considered the best paper by the most people.

The Louisville Herald gives you the news from the Associated Press, that wonderful news gathering organization, which covers the entire world with its list of correspondents; in addition it gives you all the news from Europe that is gathered by the Universal News Service; this in addition to The Herald's own list of special correspondents and its editorial staff. No newspaper can give you more than this—few can give you as much.

The Louisville Herald, apart from its general news value, thoroughly covers the financial world, and keeps you fully informed as to the daily fluctuations on all marketable commodities. News of the world of sports is more than a tabulation of sporting events, as compiled for The Herald's sport page.

The Louisville Herald contains more features of general family interest than we have space to specify in the short space of this advertisement; but we will say this much, that there is something of interest to every member of your family in every issue. We will, if you are unfamiliar with The Herald, gladly send you a sample copy on request. We would suggest that in order to protect yourself against a raise in subscription price for the coming year, that you give your order to your local agent now; if there is none in your town, send in the coupon below.

Division Officials Answer Questions About The Peace-Time Red Cross

"Motor Corps, canteens and base hospital units operating under the Department of Military Relief are being reorganized for peace time. First Aid is being promoted in an effort to save lives. Soldiers in camps at home and abroad still have the Red Cross with them."

W. E. Kellison, Director, Department of Military Relief.

"Red Cross courses in Home Hygiene and Care of the Sick and Dietetics, training and enrollment of nurses for public health service and preparation for community emergencies are making the Red Cross nurse a vital factor in raising health standards at home."

Miss V. Lota Lörimer, R. N., Director, Department of Nursing.

"Disaster and Emergency Relief has been organized, Information Service established and Home Service will, in many cases, be extended to meet the needs of civilian families as needs of soldiers, and their families were met during the war."

Starr Cadwallader, Director, Department of Civilian Relief.

"The Junior Red Cross in American schools is giving a new inspiration in work and play to teachers and pupils alike. It establishes a link with the world and trains the children in the ideal of international neighborliness."

Christians Invade The Holy Land

Southern Methodists Send First Workers To Palestine for Bible and Literature Distribution.

(Special Correspondence)

Nashville, Tenn.—The Methodist Episcopal Church, South, has the distinction of being the first Christian denomination to send workers to Palestine since the free regime inaugurated under the occupancy of General Allenby.

The Centenary European Commission

of the Church, headed by Bishop James Atkins and Dr. W. B. Beauchamp, have already dispatched five colporteurs to the Holy Land. These will be followed by five more in the next few weeks.

These workers will establish no stations, but will follow the early Methodist custom of itinerating over the country distributing Bibles, tracts and Christian literature.

This literature will be printed in the native dialects, and will be secured through an arrangement with the Nile Press in Egypt.

Under the rule of the Turk such a movement would have been prohibited, but under Allenby there is perfect freedom of religions. The action of the Southern Methodists is the beginning of a vast scheme of missionary activity which will be carried on in the Holy Land.

BABIES NEVER TASTED MILK

POLITICAL and economic troubles are not the only obstacles that face the new republic of Czechoslovakia. In attempting to build up a democracy, fashioned after that in the United States, one of its most serious problems is an alarming mortality rate, especially among women and children.

Statistics of the American Red Cross show that in Bohemia, Moravia, and Silesia deaths in 1917 exceeded births by over 70,000. Figures for 1918, not yet completed, will show a larger mortality.

"This whole condition," the Red Cross commission reports, "is due to under-nourishment of mothers and children. In its investigation the American Red Cross found that many children have never tasted milk—not even mother's milk, as the women

were too weak to nurse their babies. Seven year old children have the physical proportion of five, and ten year olds have the growth of a normal seven year old."

The Red Cross has organized a system of soup kitchens throughout the country, through which it hopes to save the lives of thousands of mothers and children. The rumor of a sign with the American flag and the Red Cross over an old shack or a hastily constructed hut is enough to make women of these foreign countries walk miles for a ration of soup.

RELIEF MEASURES FOR COMING YEAR TOLD BY RED CROSS

FOLLOWING exhaustive reports from its various Commissions to European countries, the American Red Cross can define fairly well the foreign relief program for the ensuing year.

It is now clear that in the rehabilitation of nations and countries devastated by the war, the problem of vitality and the building up of man-power takes the first place in Red Cross activities. Further, it is evident that the feeding of foreign peoples, as well as general material relief is not a field which can be assumed by the Red Cross. There remains, however, the problem of sickness and disease, and particularly a diminished and weakened child population, which none of the countries of Eastern Europe is in a position to meet with its own resources, but where the American Red Cross is in a position to offer indispensable aid and service.

Recognizing these facts, the Red Cross effort in Europe during recent months has been concentrated more and more on establishing and extending through the countries of Eastern Europe, as well as Siberia, a constructive health service, looking not only toward relief in the immediate situation but also toward the establishment of permanent health service built on national foundations in each country concerned.

The medical and surgical supplies of all kinds made available for use by the Red Cross by a recent Act of Congress at once enable the Red Cross to plan this effort in medical relief on a broad, comprehensive and constructive scale. The \$15,000,000 asked by the Red Cross in the Third Roll Call, November 2-11, will be devoted, therefore, largely to the administration of this program and making effective the distribution of materials derived from surplus Army supplies. The materials for general relief to be administered in addition to and in connection with the above will be obtained largely from supplies now in the possession of the Red Cross, or will be covered by small expenditure where purchase may prove necessary.

This program permits not only a definition in scope of the work to be carried on, but a limitation in time, presumably a period of one year. At the expiration of that time the work of the Red Cross abroad will have been largely rounded out, and activities concentrated on a program of service to Americans.

POLISH WOMEN CARRY OUT A. R. C. HEALTH PLANS

THE American Red Cross is now conducting operations in seventeen European countries. In Poland the government is taking over certain parts of the American Red Cross activities so that the Red Cross can move into new fields of relief work. The policy of the American Red Cross is to establish relief activities wherever great need exists, then to encourage local agencies to take over the established work and carry it on.

With a personnel of a hundred, the Red Cross has been making great inroads on the typhus epidemic and has enlisted the aid of 300 Polish personnel, mostly young women who have been taught the rudiments of American ideas of hygiene. After a few months, the Americans in many places were able to leave the work of sanitation to Polish units. The American Red Cross has supplied modern steam sterilizers, 30 mobile laundries, 50,000 flat irons, portable baths and many carloads of clothing, bedding, and hospital supplies.

\$3,000,000 NEEDED FOR WORK.

Leader Calls Association a "Stabilizing Influence" in Outlining Post-War Program for Women—Federal Council of Churches to Announce "Y. W. C. A. Sunday."

Mrs. John D. Rockefeller, Jr., chairman of the National Educational Campaign Committee of the 1920 World Service Program of the Young Women's Christian Association, has made the following statement:

"Since the war we are more than ever aware of the economic, industrial, educational, social and religious difficulties which beset the lives of girls and women everywhere. In meeting the post-war needs of women the Young Women's Christian Association stands as an instrument of service, tested and proven by war, and organized to meet the manifold problems of peace."

"Because of its fifty odd years of experience in meeting fundamental problems affecting girls, the Young Women's Christian Association is an organization particularly fitted to exert a stabilizing influence upon the troubled times through a consistent program of service for girls and women."

"American women are asking how they may share in the world's reconstruction. They can do so by enlisting the support of their communities for this World Service Program, which will insure to the world a healthier and better womanhood."

"This campaign of the Y. W. C. A. to tell the people of the United States about its work and to raise \$3,000,000 with which to carry on Y. W. C. A. work during 1920 in the United States, Europe, China, Japan, India, South America, Egypt, Siberia and Mexico will close the week of February 22 to 29, which will be known as Y. W. C. A. Week."

"The Federal Council of Churches will probably set one Sunday as a time for ministers throughout the country to address their congregations on general conditions affecting women and the Young Women's Christian Association as an instrument of service."

"The immediate task is to bring to the people of the United States a knowledge of conditions affecting the lives of women in all parts of the world. We can no longer ignore the character, the manner of life and the ideals of other peoples, whether we want to or not. A special call is now coming to the Association from China, Japan, India and South America, where work was held back during the war because of the necessity for special activity in France and the United States."

"The World Service Program calls for \$4,500,000. Of this amount \$1,500,000 has already been secured."

The educational campaign committee includes among its members Mrs. Robert E. Speer, president of the National Board of the Y. W. C. A.; Mrs. Henry P. Davison, Mrs. William Van V. Hayes, Mrs. Robert L. Dickinson, Mrs. William Adams Brown, Mrs. Van Sanford Merle-Smith, Mrs. Lewis H. Lapham, Miss Ellen Hale Stevenson, Mrs. Frederic B. Pratt and Mrs. Herbert Lee Pratt.

SMALL Y. W. C. A. IS
COMMUNITY CENTER

Recreation for Girls is Important Feature of Work.

Fifty-two young women in the United States are known as Y. W. C. A. "town secretaries." All of which means that the fifty-two are organizing recreation work for girls and for the community at large in towns of less than 10,000 inhabitants.

The Y. W. C. A. may be in one rented room or more. It may be a whole building, but at any rate there is a recreation room and if possible a kitchen, reading and writing rooms. If the Y. W. C. A. has a building of its own it becomes a community center, where all women's organizations may meet.

"No More New Duds Until Prices Go Down," Popular Slogan With Englishmen

Fashionable London tailors are said to be somewhat perturbed over the reported popularity of a clothes conservation "movement" hailing from the United States which is being enthusiastically acclaimed by Englishmen wearied of long continued high clothing costs.

Over there, the "movement" has manifested itself in the organization of "old clothes' leagues"—societies with the single-pledge slogan—"no more new clothes until prices go down."

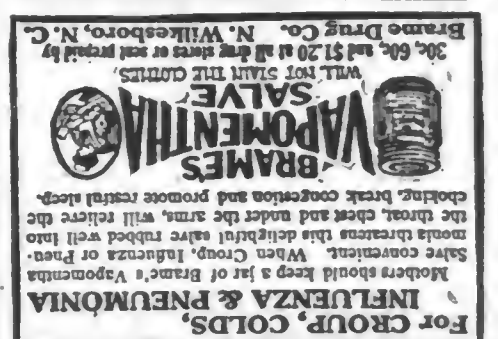

Those who assume this pledge are expected to regard patches on trousers, shiny coatsleeves and worn-up splits in boots and shoes as badges of honor. The turning of old suits, sewing in of new linings and other necessary alterations which make an old trousers, coat and vest serve the purpose of a new suit at one-third the cost is another part of the practical application of the "league" precepts.

Leave Record of Existence On Ever-Enduring Spirit

It is then obvious that if we desire to live worthily, if we wish to fulfill the great purposes for which we were created, we must leave the record of our existence inscribed on the ever-enduring spirit. The impression there can never be effaced. Time, which obliterates nations and the record of their existence, only renders the lineaments which we trace on mind deeper and more legible. From the very principles of our social nature, moral and intellectual character multiplies indefinitely its own likeness.—Francis Wayland.

Olive Tree Introduced in Golden State by Priest Mission Variety

The ancient scrap between Athena, who gave the olive, and Apollo, who bestowed the horse upon mankind, has decided, as will be remembered, in favor of the lady—the dispute being as to which of the two gifts was more valuable.

To understand the reason for the decision, one ought to live in the Mediterranean region, where the olive is a vital factor in the lives of the people. They could not much more spare the equine quadruped.

Olive culture has already assumed great importance in our own country. In 1916 (the latest year for which figures are available) there were in California 834,938 olive trees in bearing and 515,221 not yet old enough to yield fruit. The state's production in that year was 1,000,000 gallons of olive oil and 1,800,000 gallons of pickled olives.

The olive tree was introduced in California by Spanish priests, the first grove being planted in San Diego in 1769. From those trees is descended what is today the most popular variety, the so-called Mission olive.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

TO AVOID

THE "FLU"

First of All, Make Sure Your Blood is Red and Rich—in Fighting Trim.

SAFETY IN VIGOROUS BLOOD.

If you're Listless and Depressed Don't Delay a Minute—Get a Good Tonic.

If you get the influenza, see a doctor at once—but why get it? Isn't it worth while, instead, to take every precaution now, against getting it?

Probably the best and first thing to do is to make sure you are in good physical condition. During an epidemic, almost wherever you go you are exposed to influenza. As long as you are really well, the red corpuscles of your blood fight off and defeat disease germs. But when you are tired and run down, when you feel all right

except that you haven't much energy or enthusiasm, your blood is tired out too, and you are an easy victim.

Pepto-Mangan has become famous as a builder of rich, vigorous blood. It helps you up when you are run down. It helps you avoid illness. Or, it helps recover, if you realized your poor physical condition too late.

Physicians have been recommending Pepto-Mangan for years, in cases of anemia (bloodlessness). It is reliable, effective, and has a record of over twenty-five years success. Take no chances with a run-down condition. Get Pepto-Mangan today. It is good health insurance.

Pepto-Mangan is sold in liquid and tablet form. There is no difference in medical value. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan—"Gude's". The full name should be on the package. Adv.
